

Help Students Thrive: Take a Coach Approach!

TUE JUNE 13TH – WED JUNE 14TH
9:00AM – 3:30PM
COMMUNITY COMMONS 2600
(IN-PERSON ONLY)

Register [here](#)

This two-day interactive training provides DU faculty and staff with effective coaching strategies to help students overcome setbacks, navigate challenges, and achieve their goals.

Coaching centers the student as the expert in their own life and supports the development of accountability and self-management.

You will build foundational coaching skills, such as asking powerful questions to inspire self-awareness, problem solving, and action.
